**About  
Planning  
Your Trip To  
Walt  
Disney  
World  
RIGHT NOW!**

Walt Disney World vacations are different right now due to COVID-19 and Disney's TOP priority is the health and safety of all guests! The magic is definitely still there and with the proper planning: you can have a wonderful trip!

Why in the WORLD are people traveling to Orlando?

- Reduced Crowds/Capacity
- Lower Cost Flights
- Multiple Promotions = Big Savings!
- EPCOT Festivals

**Pro Tip:** Most Disney World retail and restaurant locations will accept Disney Gift Cards for payment! Purchase them ahead of time at warehouse stores or using a RedCard at Target and save a little extra money!

# 1 PARK RESERVATIONS ARE REQUIRED!

You need TWO things to visit Walt Disney World Park: A valid theme park ticket AND a "theme park reservation". These reservations can be made ahead of time so you know what park is available!

Park Reservations can book up: so planning early is a "key to success" when preparing!

# 2 STAY AT A WALT DISNEY WORLD RESORT

By staying at a Walt Disney World Resort, you will have more access to those park reservations! Disney has allocated a set number of spots each day for resort guests: so staying on-site will give you maximum flexibility for visiting your favorite park!

Disney still offers COMPLIMENTARY transportation: so it's as easy as stepping out of your resort and you're "on your way" to the fun!

### 3 "PARK-HOPPING" IS BACK

You are now able to purchase a "park-hopper" add on option which allows you to visit multiple parks in a single day! Park Hopping currently beings at 2 p.m. each day and availability is determined by park capacity to provide the best experience and safety for all.

As your travel advisor, I will give you detailed instructions on park hopping AND so much more – it's part of my service to you!

### 4 FastPass+ IS GONE (FOR NOW!)

With reduced crowds, Disney World parks are not currently offering this system which allows guests to return to an attraction at a set time to enjoy with little (or no) wait. This might SOUND bad but it's been a positive change: with reduced crowds, the "standby" lines move much more quickly since NO ONE can use a FastPass+.

NOTE: "Rider Swap" and DAS (disability) is STILL available and you will see people using the FastPass+ lane for this purpose.

# 5 DISNEY DINING GONE (FOR NOW!)

Disney World offers an abundance of dining options at their parks and resorts as well as the very popular Disney Springs! Although Disney Dining plans are currently "on hold", many counter service and table service options are available. Counter service (quick service) restaurants are currently ordered through the "My Disney Experience" App to help with social distancing. Using the Mobile App is fantastic: you can select your mealtime far in advance so you don't need to wait in a long line to order.

Table-service reservations can be made at 60 days prior to arrival- so it's important to have those park reservations set in advance! I'll help you choose the best restaurants for your vacation (I've eaten at nearly every outlet!) and even make your reservations for you!

Character meals are a hit with everyone and currently modified. What does that mean? You can see the characters from a safe distance although you won't be able to hug Mickey.

# SUMMARY

Disney's current protocols can be a bit of a "game changer" - but that's why you need my services to help create a magical vacation!

If you've been considering a trip to Orlando NOW is the time to plan. You will probably never see crowds this low at Disney. If you have a sense of adventure and plan ahead: your vacation will be a "once-in-a-lifetime" experience!

As a travel agent my services are COMPLIMENTARY and you won't pay any more than you would if you booked directly with Disney!

Not sure Orlando is where you want to go? Let me help! I can point you in the right direction whether it is an all-inclusive vacation in Mexico or the Caribbean or a vacation right here at home in the United States!
